Scientific Supply Center Information and Policies

A Section of the Purchasing Department MEB Room 2100

DELIVERIES

Stock orders placed before noon will be filled with available stock and sent out the next scheduled delivery. Special orders will be delivered as we receive the shipments.

INSIDE DELIVERIES

SSC delivers daily to the Eye Center, Allied Health, Medical Education Building and Clinical Research Sciences Building.

OUTSIDE DELIVERIES

Deliveries are made to Tulane Medical Center, LCRC, the Downtown area and the Dental School. We deliver to Children's Hospital, the Uptown area, East Bank, the University of New Orleans, and the West Bank. All others will be scheduled as needed.

SPECIAL ORDERS

SSC is happy to provide our customers with non-stock items at discounted prices as our contracts allow with one of our many vendors that we have on our Vendor List. **Rush** orders should be **placed before noon** for us to meet shipping deadlines with most companies. Deliveries will be made to the laboratories upon receipt from the vendor.

PLACING ORDERS

Stock and Special Order forms are available from SSC and on line at <https://www.lsuhsu.edu/administration/ae/scientificsupplycenter.aspx>

Email your orders to: ssc@lsuhsc.edu or Fax your orders to (504) 568-3882.

Special orders placed with SSC are ordered with the Vendors as the day allows. We attempt to group the orders in the event there are shipping fees. The shipping fees are then shared by the number of people ordering.

ORDER CONFIRMATIONS

SSC will email an Order Notification with an estimated delivery date. We will send an Order Confirmation via Campus Mail. Please refer to the order number when you call to inquire about your order.

SHIPPING

In general, orders are shipped to us within 3 to 10 working days. Shipping time varies with each vendor and each item's availability. Rush orders (overnight or 2nd day) are available upon request. Rush charges are the responsibility of the investigator. Many of our contracts waive regular shipping charges. If the vendor charges shipping, the costs will be passed according to the order placed and fees assessed.

RETURN POLICY

Stores will gladly accept stock merchandise returns **within 5 days of receipt** as long as the product is in its original packaging.

***Enzymes/perishables cannot be returned once they have been accepted for delivery.**

Special orders can be returned **if** the vendor will accept the returned merchandise. Items must be in good condition and in original packaging. Stores is happy to handle returns for you at no additional charge, however, if a vendor charges a restocking fee or shipping fee, it will be passed on to the customer. In these situations, please check with your Business Manager so that the appropriate account is charged for these fees. Stores will absorb the cost for any returns due to an error on our part.

ISOTOPES

SSC helps coordinate orders for radio-chemical. Routine orders or emergency orders are placed on an as needed basis. Please be sure to notify SSC personnel if special handling or special deadlines are necessary.

ALL PRICES PRINTED OR QUOTED BY THE SUPPLY CENTER ARE SUBJECT TO CHANGE WITHOUT NOTICE

We currently have four (4) Supply Centers which have been developed to carry items which were repetitively ordered so that the materials are easily acquired as needed.

The Supply Centers are:

- BioRad
- Thermo Fisher/Life Technologies
- Protein Simple
- Qiagen
